Basel III: Capital and Leverage disclosures

30 September 2024

I.COMPOSITION OF CAPITAL

Introduction

The public disclosure relating to Gulf Bank's (the "Bank") Capital structure, information on Capital Adequacy and Additional capital disclosure has been prepared in accordance with the circular (2/BS/IBS/336/2014) dated 24 June 2014 issued by Central Bank of Kuwait ("CBK") as part of Basel III reforms. As per this circular, excluding DSIB, the Kuwaiti Banks must maintain a minimum capital adequacy ratio of 13% and minimum Tier 1 ratio of 11%.

1. Capital structure as at 30 September 2024

Tier 1 capital comprises of Common Equity Tier 1 (CET1) and Additional Tier 1 (AT1) capital. The Bank CET1 comprises of paid up share capital, share premium and reserves including property revaluation reserve and fair valuation reserve less treasury shares. The Bank's Tier 2 comprises of allowed portion of general provisions (1.25% of the credit risk weighted assets) and subordinated Tier 2 bonds. The Bank has been identified as a Domestic Systemically Important bank (D-SIB) and is required to hold additional Common Equity Tier 1 capital (CET1) of 1%.

2020-Consumer and instalment loans deferral

During the year 2020 in response to Kuwait Banking Association's Board Resolution, the Bank announced postponement of payment of consumer and instalment loans as well as payment due on credit cards for a period of six months effective from 1 April 2020, waiving also the interest and any other fees resulting from such postponement. The instalment deferrals were considered as short-term liquidity support to address individual borrower's potential cash-flow issues. The loan deferral scheme resulted in a modification day 1 loss of KD 42,212 thousand arising from the modification of contractual cash-flows. In accordance with the CBK Circular No. 2/BS/IBS/461/2020, this modification loss was charged to retained earnings instead of income statement as required by IFRS 9 Financial Instruments .

As per the above Circular, for the purpose of Capital Base, the Bank had excluded the modification day 1 loss of KD 42,212 thousand arising from loan deferral scheme from retained earnings. This loss will be included in retained earnings over the period of four years starting from the year 2021 until 2024. Accordingly the Bank has considered the modification day 1 loss of KD 31,659 thousand arising from loan deferral scheme from retained earnings.
